

Dear Community Association Board Member:

Community Associations Institute (CAI) has been the leader in providing education and resources for community associations across the country for thirty five years. Although no two communities are alike, the issues they deal with are surprisingly similar. CAI brings together experts to develop solutions that help take the guesswork out of community association governance.

Joining CAI is the smartest move you will make this year. Why? As a member, you'll have access to information on the trends in this rapidly changing industry—with practical knowledge, insights from leaders in the field, best practices, research and tools you can use every day.

CAI advances excellence in community governance through **informational resources** and **research, conferences** and **educational programs** that are targeted to community association board members, trustees, volunteer committee members and homeowners. CAI publishes the **largest collection of resources** available on community associations. In addition, CAI's **Pennsylvania Legislative Action Committee** advocates community association interests before the state legislature, and provides you with access to our online **Advocacy Center**. Through these efforts, CAI insures your interests are represented at the Federal, State and local government levels.

Explore more about CAI by visiting our state chapter website at www.cai-padelval.org and CAI's national website at www.caionline.org.

Joining CAI is as simple as bringing the resolution below to your next board of directors meeting and asking the board to approve membership in the organization that is America's advocate for responsible communities. Once approved, fill out the membership application and mail with your first year's membership dues so you can start to benefit from your membership right away!
